LTC PROPERTIES, INC. NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

1. General

LTC Properties, Inc., a Maryland corporation, is a real estate investment trust (or REIT) that invests primarily in long term care properties through mortgage loans, property lease transactions and other investments.

In accordance with "plain English" guidelines provided by the Securities and Exchange Commission, whenever we refer to "our company" or to "us," or use the terms "we" or "our," we are referring to LTC Properties, Inc. and/or its subsidiaries.

We have prepared consolidated financial statements included herein without audit (except for the balance sheet at December 31, 2004 which is audited) and in the opinion of management have included all adjustments necessary for a fair presentation of the results of operations for the three months ended March 31, 2005 and 2004 pursuant to the rules and regulations of the Securities and Exchange Commission. The accompanying consolidated financial statements include the accounts of our company, its wholly-owned subsidiaries and controlled partnership. All significant intercompany accounts and transactions have been eliminated in consolidation. Control over the partnership is based on the provisions of the partnership agreement that provides us with a controlling financial interest in the partnership. Under the terms of the partnership agreement, our company, as general partner, is responsible for the management of the partnership's assets, business and affairs. Certain of our rights and duties in management of the partnership include making all operating decisions, setting the capital budget, executing all contracts, making all employment decisions, and the purchase and disposition of assets. The general partner is responsible for the ongoing, major, and central operations of the partnership and makes all management decisions. In addition, the general partner assumes the risk for all operating losses, capital losses, and is entitled to substantially all capital gains (appreciation).

The limited partners have virtually no rights and are precluded from taking part in the operation, management or control of the partnership. The limited partners are also precluded from transferring their partnership interests without the express permission of the general partner. However, we can transfer our interest without consultation or permission of the limited partners.

Certain information and note disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States have been condensed or omitted pursuant to such rules and regulations; however, we believe that the disclosures in the accompanying financial statements are adequate to make the information presented not misleading.

Certain reclassifications have been made to the prior period financial statements to conform to the current period presentation and as required by Statement of Financial Accounting Standards (or SFAS) No. 144 "Accounting for the Impairment or Disposal of Long-Lived Assets." The results of operations for the three months ended March 31, 2005 are not necessarily indicative of the results for a full year.

No provision has been made for federal or state income taxes. Our company qualifies as a REIT under Sections 856 through 860 of the Internal Revenue Code of 1986, as amended. As such, we are not taxed on income that is distributed to our stockholders.

6

2. Real Estate Investments

Owned Properties. At March 31, 2005, our investment in owned properties consisted of 55 skilled nursing properties with a total of 6,539 beds, 88 assisted living properties with a total of 4,175 units and one school in 23 states.

During the three months ended March 31, 2005, we purchased a 114 bed skilled nursing property in Texas for \$2,624,000. The property together with another skilled nursing property we own is leased to a third party operator under a 20 year master lease with two five year options to extend. The initial annual master lease payment is \$648,000 and increases 2% annually.

In accordance with SFAS No. 144 "Accounting for the Impairment or Disposal of Long-Lived Assets" properties held for sale at any reporting period include only those properties available for immediate sale in their present condition and for which management believes that it is probable that a sale of the property will be completed within one year. Properties held for sale are carried at the lower of cost or fair value less estimated selling costs. No depreciation expense is recognized on properties held for sale. In addition, the operating results of real estate assets designated as held for sale and all gains and losses from real estate sold are included in discontinued operations in the consolidated statement of income.

Set forth in the table below are the components of the net income from discontinued operations (in thousands):

	r	Three Months Ended March 31,				
	200	05 2	2004			
Rental income	\$	\$	130			
Interest and other income	ψ	\$				
Interest expense		_	_			
Depreciation and amortization		—	(44)			
Legal expenses			—			
Operating and other expenses		_	(6)			

Income from discontinued operations

Mortgage Loans. At March 31, 2005, we had investments in 47 mortgage loans secured by first mortgages on 40 skilled nursing properties with a total of 4,735 beds, 13 assisted living properties with 933 units and one school located in 21 states. At March 31, 2005, the mortgage loans had interest rates ranging from 6.0% to 12.6% and maturities ranging from 2005 to 2019. In addition, the loans contain certain guarantees, provide for certain facility fees and generally have 25-year amortization schedules. The majority of the mortgage loans provide for annual increases in the interest rate based upon a specified increase of 10 to 25 basis points.

During the first quarter of 2005, we acquired a mortgage loan on a 151 bed skilled nursing property from a REMIC pool we originated. We paid \$2,254,000, which represents the outstanding loan balance. Also, during the first quarter, we received \$2,170,000 plus accrued interest related to the payoff of a mortgage loan secured by a skilled nursing property located in Arizona.

During the three months ended March 31, 2005, we originated one mortgage loan in the amount of \$500,000 secured by two skilled nursing properties located in Texas with a total of 124 beds. Subsequently, this note was paid in full. For further discussion see *Note 3. Notes Receivable.* We also originated three new mortgage loans secured by three properties with a total of 125 assisted living units

7

and 289 skilled nursing beds. The combined principal balance of the new loans is \$10,763,000 and the amount funded to the borrowers after fees and tax impounds was \$10,658,000. The mortgage loans have five to ten year terms and bear interest ranging from 9.5% to 11.3%. We also funded an additional \$585,000 under existing mortgage loans for capital improvements.

Subsequent to March 31, 2005, we originated one new mortgage loan secured by a skilled nursing property with 104 beds in Georgia. The principal balance of the new loan is \$5,000,000 and the amount funded to the borrower after fees and tax impounds was \$4,928,000. The mortgage loan has a five year term and bears interest at 10% annually. We also funded an additional \$102,000 under existing mortgage loans for capital improvements.

REMIC Certificates. As of March 31, 2005, we had \$40,796,000 of REMIC Certificates at net book value. Of the \$40,796,000, \$37,007,000 of our net book value represents face value certificated interests in the principal balances of the underlying mortgage pools which at March 31, 2005, had a total unpaid principal balance of \$78,075,000. There are \$33,956,000 of senior certificates outstanding that have priority over the \$37,007,000 of face value certificates we retained.

Our investment in the \$37,007,000 of face value certificates is supported by the difference between the \$78,075,000 in mortgage pool principal and the \$33,956,000 of senior certificates outstanding, or \$44,119,000 resulting in collateral in excess of our net book value of \$7,112,000.

The remaining \$3,789,000 net book value of our REMIC Certificates are interest-only certificates that represent the present value of the expected cash flows resulting from the mortgage pools that result from the spread in interest that arises between what the underlying mortgage loans are paying in interest versus the interest being paid on the principal based certificates. These cash flows have been discounted at a rate of 35% to arrive at the estimated fair market value of the interest-only certificates.

Interest only certificates and certificates with an investment rating of "BB" or higher are classified as available-for-sale and unrated certificates and certificates with an investment rating of "B" or lower are classified as held-to-maturity. As of March 31, 2005, available-for-sale certificates were recorded at their fair value of approximately \$4,722,000.

At March 31, 2005, held-to-maturity certificates had a book value of \$36,074,000 and an estimated fair value of \$26,882,000. As of March 31, 2005, the effective yield on the available-for-sale certificates and the held-to-maturity certificates, based on expected future cash flows discounted to give effect to potential risks associated with prepayments and unanticipated credit losses, was 30.30% and 11.76%, respectively.

3. Notes Receivable

At December 31, 2004, we held a Promissory Note (or Note) issued by Centers for Long Term Care, Inc. (or CLC) and Healthcare Holdings, Inc. (or HHI), a wholly owned subsidiary of CLC. The face value of the note was \$21,269,000 and the book value was \$10,709,000. The Note had a maturity date of October 1, 2007, an interest rate of 8.0% per year compounded monthly, accruing to the balance of the Note and was secured by all 1,452,794 shares of Assisted Living Concepts, Inc. (or ALC) common stock owned by HHI. Cash payments of principal and interest were due upon maturity. However, any proceeds from the sale of the collateral would result in a prepayment of the Note. During 2005, we advanced \$168,000 under the Note and added \$191,000 in compound interest to the principal balance. Also during 2005, we loaned Center Healthcare, Inc. (or CHC), a private company that purchased CLC in

2003, \$500,000 which was secured by two skilled nursing properties in Texas with a total of 124 beds and all of the assets owned by HHI.

On January 31, 2005, Extendicare, Inc. and its wholly-owned U.S. subsidiary, Extendicare Health Services, Inc. (or EHSI) acquired ALC. Accordingly, in February 2005, we received \$22,309,000 in cash from CHC and HHI as payment in full for the Note and the \$500,000 mortgage loan, including accrued and unpaid interest through the payoff date. As a result of the payoff, we recognized \$3,667,000 in rental income related to past due rents that were not previously accrued, \$2,335,000 of interest income related to past due interest that was not previously accrued, a \$477,000 reimbursement for certain expenses paid on behalf of CLC in prior years, a \$1,000,000 bonus accrual related to the realization of the value of the Note and non-operating income of \$6,217,000 (\$3,610,000 of which was classified as Accumulated Comprehensive Income in the equity section of the balance sheet at December 31, 2004). The \$6,217,000 of non-operating income is net of \$1,298,000 of legal and investment advisory fees related to the transaction that resulted in the Note payoff.

4. Debt Obligations

At March 31, 2005, we have no outstanding balances under our Unsecured Revolving Credit. During the three months ended March 31, 2005, pricing under the Unsecured Revolving Credit ranged between LIBOR plus 2.75% and LIBOR plus 3.25%.

5. Senior Mortgage Participation Payable

In 2002, we completed a loan participation transaction whereby we issued a \$30,000,000 senior participating interest in 22 of our first mortgage loans that had a total unpaid principal balance of \$58,627,000 (the "Participation Loan Pool") to a private bank. The Participation Loan Pool had a weighted average interest rate of 11.6% and a weighted average scheduled term to maturity of 77 months. The senior participation balance is secured by the entire Participation Loan Pool.

The senior participation receives interest at a rate of 9.25% per annum, payable monthly in arrears, on the then outstanding principal balance of the senior participation. In addition, the senior participation receives all mortgage principal collected on the Participation Loan Pool until the senior participation balance has been reduced to zero. We retain interest received on the Participation Loan Pool in excess of the 9.25% paid to the senior participation. The ultimate extinguishments of the senior participation are tied to the underlying maturities of loans in the Participation Loan Pool, which range from 11 to 161 months. We have accounted for the participation transaction as a secured borrowing under SFAS No. 140 "Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities."

During the three months ended March 31, 2005 and 2004, the senior participation received principal payments of \$220,000 and \$204,000, respectively. At March 31, 2005, 19 loans remain in the Participation Loan Pool and \$15,187,000 was outstanding under the senior mortgage participation.

6. Stockholders' Equity

Preferred Stock. During the three months ended March 31, 2005, holders of 168,804 shares of our 8.5% Series E Cumulative Convertible Preferred Stock (Series E preferred stock) notified us of their election to convert such shares into 337,608 shares of our common stock at the Series E preferred stock

9

conversion rate of \$12.50 per share. Total shares reserved for issuance of common stock related to the conversion of Series E preferred stock were 784,930 at March 31, 2005. Subsequent to March 31, 2005, holders of 900 shares of our Series E preferred stock notified us of their election to convert such shares into 1,800 shares of our common stock.

During the three months ended March 31, 2004, we issued 4,000,000 shares of Series F Cumulative Redeemable Preferred Stock (or Series F preferred stock) in a registered direct placement generating net cash proceeds of \$98,578,000. The cash proceeds and cash on hand were used to redeem all of our Series A and Series B preferred stock. Accordingly, we recognized \$4,029,000 of original issue costs related to the Series A and Series B preferred stock redeemed as a preferred stock redeemption charge in the first quarter of 2004.

Common Stock. During the three months ended March 31, 2005, we repurchased and retired 133,400 shares of common stock for an aggregate purchase price of \$2,361,000, an average of \$17.70 per share. Subsequent to March 31, 2005, we repurchased and retired 34,200 shares of common stock for an aggregate purchase price of \$597,000, an average of \$17.45 per share. The shares were purchased on the open market under a Board authorization to purchase up to 5,000,000 shares. Including these purchases, 2,515,800 shares have been purchased under this authorization. Therefore, we continue to have an open Board authorization to purchase an additional 2,484,200 shares. During the first quarter of 2004 we did not repurchase common stock.

During the three months ended March 31, 2005, a total of 31,100 stock options were exercised at a total option value of \$181,000 and a total market value as of the dates of exercise of \$595,000. Subsequent to March 31, 2005, a total of 8,000 stock options were exercised at a total option value of \$48,000 and a total market value as of the dates of exercise of \$138,000.

During the first quarter of 2004, two of our limited partners exercised their conversion rights and exchanged their interests in five of our limited partnerships. In accordance with the partnership agreements, at our option, we issued 175,392 shares of our common stock.

Distributions. We declared and paid the following cash dividends (in thousands):

		Three months ended March 31, 2005 Declared Paid				Three months ended March 31, 2004 Declared Paid					
Preferred Stock	De			Paid		Declareu					
Series A	\$		\$	_	\$	1,019	\$	1,860

(1) Represents 22 days of accrued dividends.

(2) Represents \$0.30 per share in 2005 and \$0.25 per share in 2004.

(3) The difference between declared and paid is the change in distributions payable on the balance sheet at March 31 and December 31.

10

Subsequent to March 31, 2005, we declared a monthly cash dividend of \$0.11 per share on our common stock for the months of April, May and June 2005, payable on May 6, June 6 and July 1, 2005, respectively, to stockholders of record on April 29, May 27, and June 24, 2005.

Other Equity. Other equity consists of the following (in thousands):

		March 31, 2005		December 31, 2004
Notes receivable from stockholders	\$	(451)	\$	(audited) (508)
Deferred compensation	Ŷ	(394)	Ψ	(228)
Accumulated comprehensive income		(804)		2,806
Total Other Equity	\$	(1,649)	\$	2,070

During the quarter ended March 31, 2005, we received \$56,000 in principal payments on notes receivable from stockholders. Also during the first quarter of 2005, we realized a \$3,610,000 gain that was included in Accumulated Comprehensive Income at December 31, 2004 which was related to a note receivable that was paid in full during the quarter as described more fully in *Note 3. Notes Receivable*.

During the three months ended March 31, 2005, 8000 shares of restricted stock were issued at \$19.62 per share. These shares vest ratably over a three year period. Additionally, during the three months ended March 31, 2005, 10,800 shares of unvested restricted stock were canceled. During the quarters ended March 31, 2005 and 2004, \$104,000 and \$86,000, respectively, of compensation expense was recognized related to the vesting of restricted stock.

Stock-Based Compensation. On December 16, 2004, the FASB issued SFAS No. 123(revised 2004), Share-Based Payment, which is a revision of SFAS No. 123, "Accounting for Stock-Based Compensation". SFAS No. 123(R) supersedes APB Opinion No. 25, "Accounting for Stock Issued to Employees" (APB 25), and amends SFAS No. 95 "Statement of Cash Flows". Generally, the approach in SFAS No. 123(R) is similar to the approach described in SFAS No. 123. However, SFAS No. 123(R) requires all share-based payments to employees, including grants of employee stock options, to be recognized in the income statement based on their fair values. Pro forma disclosure is no longer an alternative. The Securities and Exchange Commission has delayed the adoption requirement of SFAS No. 123(R) until January 1, 2006. We expect to adopt SFAS No. 123(R) on January 1, 2006 as required.

SFAS No. 123(R) permits public companies to adopt its requirements using one of two methods:

- A "modified prospective" method in which compensation cost is recognized beginning with the effective date (a) based on the requirements of SFAS No. 123(R) for all share-based payments granted after the effective date and (b) based on the requirements of SFAS No. 123 for all awards granted to employees prior to the effective date of SFAS No. 123(R) that remain unvested on the effective date.
- 2) A "modified retrospective" method which includes the requirements of the modified prospective method described above, but also permits entities to restate based on the amounts previously recognized under SFAS No. 123 for purposes of pro forma disclosures either (a) all prior periods presented or (b) prior interim periods of the year of adoption.

11

We plan to adopt SFAS No. 123(R) using the "modified-prospective" method. We adopted the fair-value-based method of accounting for share-based payments effective January 1, 2003, using the prospective method described in SFAS No. 148 "*Accounting for Stock-Based Compensation-Transition and Disclosure*" and therefore have recognized compensation expense related to all employee stock-based awards granted, modified or settled after January 1, 2003.

Currently, we use the Black-Scholes-Merton formula to estimate the value of stock options granted to employees. This model requires management to make certain estimates including stock volatility, discount rate and the termination discount factor. If management incorrectly estimates these variables, the results of operations could be affected. We expect to continue to use this acceptable option valuation model upon the required adoption of SFAS No. 123(R). Because SFAS No. 123(R) must be applied not only to new awards but to previously granted awards that are not fully vested on the effective date, and because we adopted SFAS No. 123 using the prospective transition method (which applied only to awards granted, modified or settled after the adoption date), compensation cost for some previously granted awards that were not recognized under SFAS No. 123 will be recognized under SFAS No. 123(R). However, had we adopted SFAS No. 123(R) in prior periods, the impact of that standard would have approximated the impact of SFAS No. 123 as described in the disclosure of pro forma net income and earnings per share below. SFAS No. 123(R) also requires the benefits of tax deductions in excess of recognized compensation cost to be reported as a financing cash flow, rather than as an operating cash flow as required under current literature. Because we qualify as a REIT under the Internal Revenue Code of 1986, as amended, we are not subject to Federal income taxation. Therefore, this new reporting requirement will not have an impact on our statement of cash flows.

Prior to January 1, 2003, we accounted for stock option grants in accordance with APB 25 and related Interpretations. Historically, we granted stock options for a fixed number of shares to employees with an exercise price equal to the fair value of the shares at the date of grant. Under APB 25, because the exercise price of our employee stock options equaled the market price of the underlying stock on the date of grant, no compensation expense was recognized. Effective January 1, 2003, we adopted SFAS No. 148, "*Accounting for Stock-Based Compensation – Transition and Disclosure*," on a prospective basis for all employee awards granted, modified or settled on or after January 1, 2003. During the three months ended March 31, 2005, 15,000 options to purchase common stock were issued at an exercise price of \$19.62 and vest ratably over a three year period. Additionally, during the first quarter of 2005, 4,000 unvested options to purchase common stock were cancelled. No stock options were issued during the first quarter of 2005, 4,000 unvested options to purchase common stock were cancelled.

The following table illustrates the effect on net income and earnings per share as if the fair value method had been applied to all outstanding and unvested awards in each period *(in thousands)*:

		Three Months Ended March 31,			
		2005		2004	
Net income available to common stockholders, as reported	\$	17,157	\$	926	
Add: Stock-based compensation expense in the period	Ŷ	9	Ψ		
Deduct: Total stock-based compensation expense determined under fair value method for all awards		(14)		(16)	
Pro forma net income available to common stockholders	\$	17,152	\$	910	
Net income per common share available to common stockholders:					
Basic – as reported	\$	0.80	\$	0.05	
Basic – pro forma	\$	0.80	\$	0.05	
Diluted – as reported	\$	0.74	\$	0.05	
Diluted – pro forma	\$	0.74	\$	0.05	

Note: Adjustments to compensation expense related to restricted shares have been excluded from this table since expense for restricted shares is already reflected in net income and is the same under APB No. 25 and SFAS No. 123.

7. Major Operators

We have four operators, based on properties subject to lease agreements and secured by mortgage loans that represent between 10% and 20% of our total assets. EHSI, one of our major operators, is the wholly owned subsidiary of a publicly traded company, Extendicare Inc., which as a publicly traded company files quarterly financial information with the Securities and Exchange Commission. Our other operators are privately owned and thus no public financial information is available. The following table summarizes Extendicare Inc.'s assets, stockholders' equity, annual revenue and net income from continuing operations as of or for the three months ended December 31, 2004, per the lessee's public filings:

	 ndicare Inc. thousands)
Current assets	\$ 173,833
Non-current assets	562,124
Current liabilities	144,263
Non-current liabilities	341,505
Stockholders' equity	250,189
Gross revenue	244,688
Operating expenses	208,426
Income from continuing operations	17,927
Net income	39,105
Cash provided by operations	14,608
Cash used in investing activities	(13,819)
Cash used in financing activities	(237)

EHSI, a wholly owned subsidiary of Extendicare Inc., leased 37 assisted living properties with a total of 1,427 units owned by us representing approximately 12.6%, or \$69,782,000, of our total assets at

13

March 31, 2005 and 19.5% of rental income recognized in the first quarter of 2005 excluding the effects of straight line rent and the CLC and HHI note payoff as more fully described in *Note 3. Notes Receivable.*

Alterra Healthcare Corporation (or Alterra) leases 35 assisted living properties with a total of 1,416 units we own representing approximately 12.4%, or \$68,690,000, of our total assets at March 31, 2005 and 19.5% of rental revenue recognized in the first quarter of 2005 excluding the effects of straight line rent and the CLC and HHI note payoff as more fully described in *Note 3. Notes Receivable.*

CHC leased 26 skilled nursing properties with a total of 3,114 beds owned by us representing approximately 10.4%, or \$57,254,000, of our total assets at March 31, 2005 and 12.9% of rental revenue recognized in the first quarter of 2005 excluding the effects of straight line rent and the CLC and HHI note payoff as more fully described in *Note 3. Notes Receivable.*

Sunwest Management, Inc. (or Sunwest) operates eight assisted living properties with a total of 958 units that we own or on which we hold mortgages secured by first trust deeds. This represents approximately 10.2%, or \$56,477,000 of our total assets at March 31, 2005, and 13.3% of rental revenue and 5.7% of interest income from mortgage loans recognized in the first quarter of 2005 excluding the effects of straight line rent and the CLC and HHI note payoff as more fully described in *Note 3. Notes Receivable*.

Our financial position and our ability to make distributions may be adversely affected by financial difficulties experienced by Alterra, CHC, EHSI, Sunwest or any of our other lessees and borrowers, including bankruptcies, inability to emerge from bankruptcy, insolvency or general downturn in business of any such operator, or in the event any such operator does not renew and/or extend its relationship with us or our borrowers when it expires.

8. Earnings per Share

The following table sets forth the computation of basic and diluted net income per share (in thousands, except per share amounts):

	Three Months Ended March 31,			
	2005		2004	
Net income	\$ 21,504	\$	9,901	
Preferred stock redemption charges	_		(4,029)	
Preferred stock dividends	(4,347)		(4,946)	
Net income for basic net income per share	17,157		926	
Effect of dilutive securities:				
Convertible preferred stock	1,026		—	
Convertible limited partnership units	86		_	
Net income for diluted net income per share	\$ 18,269	\$	926	
Shares for basic net income per share	21,491		17,986	
Effect of dilutive securities:				
Stock options	105		172	
Convertible preferred stock	2,785		—	
Convertible limited partnership units	202		_	
Shares for diluted net income per share	 24,583		18,158	
Basic net income per share	\$ 0.80	\$	0.05	
Diluted net income per share	\$ 0.74	\$	0.05	

Executive Overview

Business

LTC Properties, Inc. a self-administered, health care real estate investment trust (or REIT) commenced operations in 1992. We invest primarily in long-term care and other health care related properties through mortgage loans, property lease transactions and other investments. The following table summarizes our portfolio as of March 31, 2005:

Type of Property	Gross Investments in thousands)	Percentage of Investments	evenues (2)	Percentage of Revenues	Number of Properties	Number of Beds/Units		Investment per Bed/Unit (in thousands)	Number of Operators (1)	Number of States (1)
Assisted Living Facilities	\$ 313,599	51.0%	\$ 8,343	51.0%	101	5,108	\$	61.39	10	23
Skilled Nursing Facilities	247,935	40.3%	6,189	37.9%	95	11,274		21.99	39	21
Schools	13,020	2.1%	355	2.2%	2	N/A		N/A	2	2
REMIC Certificates	 40,796	<u>6.6</u> %	 1,464	<u>8.9</u> %	<u> </u>	4,534(3)	17.22(4)	20	13
Totals	\$ 615,350	100.0%	\$ 16,351	100.0%	198	16,382				

(1) We have investments in 31 states leased or mortgaged to 46 different operators.

(2) Revenues exclude interest and other income from non-mortgage loan sources and the effect of the note payoff by CLC and HHI as more fully described in *Note 3. Notes Receivable.*

(3) The number of properties and beds are not included in the total line because we do not own the mortgage on these properties.

(4) Represents principal balance per bed as of March 31, 2005.

Our primary objectives are to sustain and enhance stockholder equity value and provide current income for distribution to stockholders through real estate investments in long-term care properties and other health care related properties managed by experienced operators. To meet these objectives, we attempt to invest in properties that provide opportunity for additional value and current returns to our stockholders and diversify our investment portfolio by geographic location, operator and form of investment.

Substantially all of our revenues and sources of cash flows from operations are derived from operating lease rentals, interest earned on outstanding loans receivable and interest earned on our investment in Real Estate Mortgage Investment Conduits (or REMIC) Certificates. In the past, we completed securitizations by transferring mortgage loans to newly created REMICs that, in turn, issued mortgage pass-through certificates aggregating approximately the same amount. A portion of the REMIC Certificates were then sold to third parties and a portion of the REMIC Certificates were retained by us. The REMIC Certificates we retained are subordinated in right of payment to the REMIC Certificates sold to third parties and a portion of the REMIC Certificates we retained are interest-only certificates which have no principal amount and entitle us to receive cash flows designated as interest.

Our investments in mortgage loans, owned properties and REMIC Certificates represent our primary source of liquidity to fund distributions and are dependent upon the performance of the operators on their lease and loan obligations and the rates earned thereon. To the extent that the operators experience operating difficulties and are unable to generate sufficient cash to make payments to us, there could be a material adverse impact on our consolidated results of operations, liquidity and/or financial condition. To mitigate this risk, we monitor our investments through a variety of methods determined by the type of health care facility and operator. Our monitoring process includes review of financial statements for each facility, periodic review of operator credit, scheduled property inspections and review of covenant compliance relating to real estate taxes and insurance.

15

In addition to our monitoring and research efforts, we also structure our investments to help mitigate payment risk. We typically invest in or finance up to 90 percent of the stabilized appraised value of a property. Operating leases and loans are normally credit enhanced by guaranties and/or letters of credit. In addition, operating leases are typically structured as master leases and loans are generally cross-defaulted and cross-collateralized with other loans, operating leases or agreements between us and the operator and its affiliates.

For the three months ended March 31, 2005, rental income and interest income represented 72% and 16%, respectively, of total gross revenues (excluding the effect of the note payoff by CLC and HHI as more fully described in *Note 3. Notes Receivable*). Our lease structure contains fixed annual rental escalations, which are generally recognized on a straight-line basis over the minimum lease period, and annual rental escalations that are contingent upon changes in the Consumer Price Index and/or changes in the gross operating revenues of the property. This revenue is not recognized until the appropriate contingencies have been resolved. This lease structure initially generates lower revenues and net income but enables us to generate additional growth and minimized non-cash straight-line rent over time.

Depending upon the availability and cost of external capital, we anticipate making additional investments in health care related properties. New investments are generally funded from temporary borrowings under our unsecured line of credit and internally generated cash flows. Our investments generate internal cash from rent and interest receipts and principal payments on mortgage loans receivable and REMIC Certificates. Permanent financing for future investments, which replaces funds drawn under our unsecured line of credit, is expected to be provided through a combination of public and private offerings of debt and equity securities and the incurrence of secured debt. We believe our liquidity and various sources of available capital are sufficient to fund operations, meet debt service obligations (both principal and interest), make dividend distributions and finance future investments.

Key Performance Indicators, Trends and Uncertainties

We utilize several key performance indicators to evaluate the various aspects of our business. These indicators are discussed below and relate to concentration risk and credit strength. Management uses these key performance indicators to facilitate internal and external comparisons to our historical operating results, in making operating decisions and for budget planning purposes.

Concentration Risk. We evaluate our concentration risk in terms of asset mix, investment mix, operator mix and geographic mix. Concentration risk is valuable to understand what portion of our investments could be at risk if certain sectors were to experience downturns. Asset mix measures the portion of our investments that are real property. In order to qualify as an equity REIT, at least 75 percent of our total assets must be represented by real estate assets, cash, cash items and government securities. Investment mix measures the portion of our investments that relate to our various property types. Operator mix measures the portion of our investments that relate to our top four operators. Geographic mix measures the portion of our investment that relate to our top five states. The following table reflects our recent historical trends of concentration risk:

	_	Period Ended								
	_	3/31/05		12/31/04		9/30/04 estment, in thousa		6/30/04		3/31/04

(1) Tied for fifth most concentrated state.

Credit Strength. We measure our credit strength both in terms of leverage ratios and coverage ratios. Our leverage ratios include debt to book capitalization and debt to market capitalization. The leverage ratios indicate how much of our balance sheet capitalization is related to long-term debt. Our coverage ratios include interest coverage ratios and fixed charge coverage ratio. The coverage ratios indicate our ability to service interest and fixed charges (interest plus preferred dividends). The coverage ratios are based on earnings before interest, taxes, depreciation and amortization. Leverage ratios and coverage ratios are widely used by investors, analysts and rating agencies in the valuation, comparison, rating and investment recommendations of companies. The following table reflects the recent historical trends for our credit strength measures:

		Three Months Ended				
	3/31/05	12/31/04	9/30/04	6/30/04	3/31/04	
Debt to book capitalization ratio	18.4%	18.8%	21.5%	28.5%	30.0%	
Debt to market capitalization ratio	14.3%	13.3%	16.4%	22.7%	22.7%	
Interest coverage ratio	6.8x(1)	6.4x	5.5x	4.5x	4.7x	
Fixed charge coverage ratio	2.3x(1)	2.2x	2.2x	2.2x	1.9x	

(1) Excluding the effects of the CLC and HHI note payoff as more fully described in Note 3. Notes Receivable

We evaluate our key performance indicators in conjunction with current expectations to determine if historical trends are indicative of future results. Our expected results may not be achieved and actual results may differ materially from our expectations. This may be a result of various factors, including, but not limited to

- The status of the economy;
- The status of capital markets, including prevailing interest rates;
- Compliance with and changes to regulations and payment policies within the health care industry;

17

- Changes in financing terms;
- · Competition within the health care and senior housing industries; and
- Changes in federal, state and local legislation.

Management regularly monitors the economic and other factors listed above. We develop strategic and tactical plans designed to improve performance and maximize our competitive position. Our ability to achieve our financial objectives is dependent upon our ability to effectively execute these plans and to appropriately respond to emerging economic and company-specific trends.

Operating Results

Revenues for the three months ended March 31, 2005, increased to \$22.9 million from \$16.8 million for the same period in 2004. Rental income for the three months ended March 31, 2005, increased \$4.4 million primarily as a result of receiving the note payoff from CLC Healthcare, Inc. (or CLC) and Healthcare Holdings, Inc. (or HHI), as described in *Note 3. Notes Receivable*, part of which related to past due rents that were not accrued (\$3.7 million), the receipt of rent from properties acquired in 2004 and 2005 (\$0.2 million) and properties sold in 2004 (\$0.1 million). Same store rental increases growided for in existing lease agreements (\$0.7 million), partially offset by a decrease in straight-line rental income (\$0.1 million) and properties sold in 2004 (\$0.1 million). Same store rental income, properties owned for the three months ended March 31, 2005, and the three months ended March 31, 2004, and excluding straight-line rental increases provided for in existing lease agreements (\$0.7 million), partially offset by a decrease in straight line rental income (\$0.1 million). Interest income from mortgage loans and notes receivable increased \$0.5 million from the prior year due to new loans (\$0.8 million) partially offset by the payoff of loans (\$0.1 million) and the conversion of one loan into an owned property (\$0.2 million). Interest income from REMIC Certificates for the three months ended March 31, 2005, increased \$0.9 million compared to the same period of 2004 due to the dissolution of the 1994-1 REMIC Pool, the amortization of our remaining REMIC Certificates and the early payoff of certain mortgage loans underlying our investment in REMIC Certificates. Interest and other income for the three months ended March 31, 2005, increased \$2.0 million primarily as a result of receiving the note payoff from CLC and HHI, as described in *Note 3. Notes Receivable*, part of which related to past due rents that were not accrued (\$2.3 million) partially offset by a decrease in straight line rental income (\$0.1 millio

Interest expense decreased by \$1.0 million to \$2.3 million for the three months ended March 31, 2005, from \$3.3 million during the same period in 2004, due to a decrease in average borrowings outstanding during the period as a result of the payoff of mortgage loans.

Depreciation and amortization expense for the first quarter of 2005 increased \$0.1 million from the first quarter of 2004 due to acquisitions.

Legal expenses were comparable during the first quarter 2005 and the first quarter 2004. Operating and other expenses were \$0.7 million higher in the first quarter of 2005 primarily as a result a \$1.0 million bonus accrual related to the realization of the value of a note receivable, as described in *Note 3. Notes Receivable*, and expenses paid in the current year on behalf of certain operators, partially offset by the \$0.5 million reimbursement of certain expenses that we paid in prior years on behalf of CLC as described in *Note 3. Notes Receivable*.

During the three months ended March 31, 2005, we realized \$6.2 million of non-operating income related to the note receivable paid off by CLC and HHI, as described in *Note 3. Notes Receivable* (\$3.6 million of which

18

was in Other Comprehensive Income at December 31, 2004). The \$6.2 million of non-operating income is net of \$1.3 million of legal and investment advisory fees associated with the transaction that resulted in the note payoff.

During the first quarter of 2004, we reported a net income from discontinued operations of \$1.1 million comprised of a gain on sale and income related to properties that were sold. This reclassification was made in accordance with SFAS No. 144 "*Accounting for the Impairment or Disposal of Long-Lived Assets*" which requires that the financial results of properties meeting certain criteria be reported on a separate line item called "Discontinued Operations." We did not sell any assets in the first quarter of 2005.

During the three months ended March 31, 2004, we recorded a \$4.0 million preferred stock redemption charge related to the redemption of all of our outstanding Series A and Series B preferred stock. We did not redeem any preferred stock in 2005.

Net income available to common stockholders increased to \$17.2 million for the three months ended March 31, 2005, from \$0.9 million for the same period in 2004 primarily due to the increases in revenue and non-operating income and decreases in expenses and preferred stock redemption charge as discussed above. Excluding the effects of the CLC and HHI note receivable payoff, net income available to common stockholders was \$5.5 million for the three months ended March 31, 2005. Excluding the effects of the preferred stock redemption charge, net income available to common stockholders was \$5.0 million for the three months ended March 31, 2004.

Liquidity and Capital Resources

At March 31, 2005, our real estate investment portfolio (before accumulated depreciation and amortization) consisted of \$471.6 million invested primarily in owned long-term care properties, mortgage loans of approximately \$101.6 million (net of a \$1.3 million reserve) and subordinated REMIC Certificates of approximately \$40.8 million with a weighted average effective yield of 13.9%. At March 31, 2005, the outstanding certificate principal balance and the weighted average pass-through rate for the senior REMIC Certificates (all held by outside third parties) was \$34.0 million and 7.2%. Our portfolio, excluding our subordinated REMIC Certificates, consists of direct investments (properties that we either own or on which we hold promissory notes secured by first mortgages) in 95 skilled nursing properties, 101 assisted living properties and two schools in 31 states.

For the three months ended March 31, 2005, we had net cash provided by operating activities of \$19.3 million. Included in the cash provided by operating activities was \$6.5 million which resulted from the receipt of past due rents of \$3.7 million that were not accrued, past due interest income of \$2.3 million that was not accrued and a \$0.5 million reimbursement of certain expenses paid on behalf of an operator in prior years. This cash received resulted from the payoff of a note receivable more fully described in *Note 3. Notes Receivable.*

For the quarter ended March 31, 2005, we had net cash provided by investing activities of \$3.2 million. We acquired one 114 bed skilled nursing property in Texas for a total of \$2.6 million in cash. This property together with another skilled nursing property is leased to a third party operator under a 20 year master lease with two five year options to extend. The initial annual master lease payment is \$0.6 million and increases 2% annually.

Also during the first quarter of 2005, we invested \$13.4 million in five new mortgage loans, one of which was paid off in the first quarter as part of the CLC and HHI note payoff as described in *Note 3. Notes Receivable*. Annual interest income from the remaining four new loans is \$1.4 million and the current combined yield on these loans is 10.9%. Also during the quarter ended March 31, 2005, we funded an additional \$0.5 million under existing mortgage loans for capital improvements.

During the quarter ended March 31, 2005, we received \$3.3 million in principal payments on mortgage loans receivable and \$2.0 million in principal payments on REMIC Certificates. We advanced \$0.6 million under notes receivable (including \$0.4 million under the CLC and HHI note), and received \$15.0 million in principal payments related to the CLC and HHI note which was repaid in full as described in *Note 3. Notes Receivable*.

During the three months ended March 31, 2005, we borrowed and repaid \$2.0 million under our Unsecured Revolving Credit. Additionally, \$0.2 million in principal was received by the non-recourse senior mortgage participation holder and we paid \$0.8 million in principal payments on mortgage loans and capital lease obligations.

During the three months ended March 31, 2005, we repurchased and retired 133,400 shares of common stock for an aggregate purchase price of \$2.4 million, an average of \$17.70 per share. Subsequent to March 31, 2005, we repurchased and retired 34,200 shares of common stock for an aggregate purchase price of \$0.6 million, an average of \$17.45 per share. Also during the first quarter of 2005, we paid cash dividends on our Series C, Series E, and Series F preferred stocks totaling \$0.8 million, \$0.3 million and \$3.3 million respectively. Additionally, we declared and paid cash dividends on our common stock totaling \$6.5 million. Subsequent to March 31, 2005, we declared a monthly cash dividend of \$0.11 per share on our common stock for the months of April, May and June 2005, payable on May 6, June 6 and July 1, 2005, respectively, to stockholders of record on April 29, May 27, and June 24, 2005.

At March 31, 2005, we only have one note receivable from a stockholder with a principal balance of \$0.5 million outstanding. This note matures in December 2006. During the first quarter of 2005, we received \$0.2 million in conjunction with the exercise of 31,100 stock options. The total market value as of the dates of exercise was approximately \$0.6 million. Subsequent to March 31, 2005, 8,000 options were exercised with a total option value of \$0.05 million and total market value as of the dates of exercise of \$0.1 million.

During the three months ended March 31, 2005, holders of 168,804 shares of our 8.5% Series E Cumulative Convertible Preferred Stock (or Series E preferred stock) notified us of their election to convert such shares into 337,608 shares of our common stock at the Series E preferred stock conversion rate of \$12.50 per share. Subsequent to March 31, 2005, holders of 900 shares of our Series E preferred stock notified us of their election to convert such shares of common stock. Subsequent to this most recent conversion, there are 391,565 shares of our Series E preferred stock outstanding and 21,582,053 shares of our common stock outstanding.

Subsequent to March 31, 2005, we invested \$4.9 million in one new mortgage loan secured by a skilled nursing property with 104 beds in Georgia. The mortgage loan matures in five years and bears interest at 10.0% annually. Also subsequent to March 31, 2005, we funded an additional \$0.1 million under existing mortgage loans for capital improvements.

We expect our future income and ability to make distributions from cash flows from operations to depend on the collectibility of our rents, mortgage loans receivable, and REMIC Certificates. The collection of these loans, certificates and rents will be dependent, in large part, upon the successful operation by the operators of the skilled nursing properties and assisted living properties we own or are pledged to us and the school we own. The operating results of the facilities will be impacted by various factors over which the operators/owners may have no control. Those factors include, without limitation, the status of the economy, changes in supply of or demand for competing long-term care facilities, ability to control rising operating costs, and the potential for significant reforms in the long-term care industry. In addition, our future growth in net income and cash flow may be adversely impacted by various proposals for changes in the governmental regulations and financing of the long-term care industry. We cannot presently predict what impact these proposals may have, if any. We believe that an adequate provision has been made for the possibility of loans proving uncollectible but we will continually evaluate the financial status of the operations of the skilled nursing facilities, assisted living facilities and the school. In addition, we will monitor our borrowers and the underlying collateral for mortgage loans and will make future revisions to the provision, if considered necessary.

20

Our investments, principally our investments in mortgage loans, REMIC Certificates, and owned properties, are subject to the possibility of loss of their carrying values as a result of changes in market prices, interest rates and inflationary expectations. The effects on interest rates may affect our costs of financing our operations and the fair market value of our financial assets. Generally our loans have predetermined increases in interest rates and our leases have agreed upon annual increases. Inasmuch as we may initially fund some of our investments with variable interest rate debt, we are at risk of net interest margin deterioration if medium and long-term rates were to increase.

All but \$4.0 million face value of the REMIC Certificates we hold are subordinate in rank and right of payment to the certificates sold to third-party investors and as such would, in most cases, bear the first risk of loss in the event of impairment to any of the underlying mortgages. The returns on our investment in REMIC Certificates are subject to uncertainties and contingencies including, without limitation, the level of prepayments, estimated future credit losses, prevailing interest rates, and the timing and magnitude of credit losses on the underlying mortgages collateralizing the securities that are a result of the general condition of the real estate market or long-term care industry. As these uncertainties and contingencies are difficult to predict and are subject to future events that may alter management's estimations and assumptions, no assurance can be given that current yields will not vary significantly in future periods. To minimize the impact of prepayments, the mortgage loans underlying the REMIC Certificates generally prohibit prepayment unless the property is sold to an unaffiliated third party (with respect to the borrower).

We believe that our current cash flow from operations available for distribution or reinvestment, our current borrowing capacity and (based on market conditions) our ability to issue debt and equity securities are sufficient to provide for payment of our current operating costs, meet debt obligations, provide funds for distribution to the holders of our preferred stock and pay common dividends at least sufficient to maintain our REIT status and repay borrowings at, or prior to, their maturity.

Critical Accounting Policies

Effective January 1, 2003, we adopted Statement of Financial Accounting Standard (or SFAS) No. 148 "*Accounting for Stock-Based Compensation – Transition and Disclosure*." SFAS No. 148 amends SFAS No. 123 "*Accounting for Stock-Based Compensation*" to provide alternative methods of transition to SFAS No. 123's fair value method of accounting for stock-based employee compensation. SFAS No. 148 also amends the disclosure provisions of SFAS No. 123 and APB Opinion No. 28 "*Interim Financial Reporting*" to require disclosure in the summary of significant accounting policies of the effects of an entity's accounting policy for stock-based employee compensation on reported net income and earnings per share in annual and interim financial statements. SFAS No. 148 provides three transition methods for entities that adopt the fair value recognition provisions of SFAS No. 123 for stock-based employee compensation. In addition to the prospective method originally provided under SFAS No. 123, SFAS No. 148 provides for a modified prospective method and a retroactive restatement method. We have adopted the prospective method and therefore will recognize compensation expense related to all employee stock-based awards granted, modified or settled after January 1, 2003.

We use the Black-Scholes-Merton model for calculating stock option expense. This model requires management to make certain estimates including stock volatility, discount rate and the termination discount factor. If management incorrectly estimates these variables, the results from operations could be affected. Prior to January 1, 2003, we accounted for stock option grants in accordance with APB Opinion No. 25, "*Accounting for Stock Issued to Employees*" (APB 25) and related Interpretations. Historically, we granted stock options for a fixed number of shares to employees with an exercise price equal to the fair value of the shares at the date of grant. Under APB 25, because the exercise price of our employee stock options equaled the market price of the underlying stock on the date of the grant, no compensation expense was recognized.

As of March 31, 2005, there were 180,200 options outstanding subject to the disclosure requirements of SFAS No. 148. The fair value of these options was estimated utilizing the Black-Scholes valuation model and assumptions as of each respective grant date. In determining the estimated fair values for the options granted in 2004, the weighted average expected life assumption was three years, the weighted average volatility was 0.39, the weighted average risk free interest rate was 3.2% and the expected dividend yield was 7.27%. The weighted average fair value of the options granted in 2005, the weighted

average expected life assumption was three years, the weighted average volatility was 0.31, the weighted average risk free interest rate was 3.5% and the expected dividend yield was 6.12%. The weighted average fair value of the options granted in 2005 was \$2.87. At March 31, 2005, the weighted average fair value of all the options outstanding was estimated to be \$1.33 per share, the weighted average exercise price of the options was \$8.39 per share and the weighted average remaining vesting life was 1.3 years. See *Note 6. Stockholders' Equity* for further discussion.

For further discussion of our critical accounting policies, see our Annual Report filed on Form 10-K for the year ended December 31, 2004.

Risk Factors

Certain information contained in this report includes forward looking statements, which can be identified by the use of forward looking terminology such as "may," "will," "expect," "should" or comparable terms or negatives thereof. These statements involve risks and uncertainties that could cause actual results to differ materially from those described in the statements. These risks and uncertainties include (without limitation) the following: the effect of economic and market conditions and changes in interest rates, government policy changes relating to the health care industry including changes in reimbursement levels under the Medicare and Medicaid programs, changes in reimbursement by other third party payors, the financial strength of the operators of our properties as it affects the continuing ability of such operators to meet their obligations to us under the terms of our agreements with our borrowers and operators, the amount and the timing of additional investments, access to capital markets and changes in tax laws and regulations. Other important factors are identified in our Annual Report on Form 10-K for the year ended December 31, 2004, including factors identified under the headings "Business" and "Management's Discussion and Analysis of Financial Condition and Results of Operations." Finally, we assume no obligation to update or revise any forward-looking statements or to update the reasons why actual results could differ from those projected in any forward-looking statements.

Item 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Readers are cautioned that statements contained in this section "Quantitative and Qualitative Disclosures About Market Risk" are forward looking and should be read in conjunction with the disclosure under the heading "Risk Factors" set forth above.

We are exposed to market risks associated with changes in interest rates as they relate to our mortgage loans receivable, investments in REMIC Certificates and debt. Interest rate risk is sensitive to many factors, including governmental monetary and tax policies, domestic and international economic and political considerations and other factors that are beyond our control.

We do not utilize interest rate swaps, forward or option contracts or foreign currencies or commodities, or other types of derivative financial instruments. The purpose of the following disclosure is to provide a framework to understand our sensitivity to hypothetical changes in interest rates as of March 31, 2005.

Our future earnings, cash flows and estimated fair values relating to financial instruments are dependent upon prevalent market rates of interest, such as LIBOR or term rates of U.S. Treasury Notes. Changes in interest rates generally impact the fair value, but not future earnings or cash flows, of mortgage loans receivable, our

22

investments in REMIC Certificates and fixed rate debt. For variable rate debt, such as our Unsecured Revolving Credit, changes in interest rates generally do not impact the fair value, but do affect future earnings and cash flows.

At March 31, 2005, based on the prevailing interest rates for comparable loans and estimates made by management, the fair value of our mortgage loans receivable was approximately \$100.1 million. A 1% increase in such rates would decrease the estimated fair value of our mortgage loans by approximately \$3.9 million while a 1% decrease in such rates would increase their estimated fair value by approximately \$4.2 million. A 1% increase or decrease in applicable interest rates would not have a material impact on the fair value of our investment in REMIC Certificates or fixed rate debt.

The estimated impact of changes in interest rates discussed above are determined by considering the impact of the hypothetical interest rates on our borrowing costs, lending rates and current U.S. Treasury rates from which our financial instruments may be priced. We currently do not believe that future market rate risks related to our financial instruments will be material to our financial position or results of operations. These analyses do not consider the effects of industry specific events, changes in the real estate markets, or other overall economic activities that could increase or decrease the fair value of our financial instruments. If such events or changes were to occur, we would consider taking actions to mitigate and/or reduce any negative exposure to such changes. However, due to the uncertainty of the specific actions that would be taken and their possible effects, the sensitivity analysis assumes no changes in our capital structure.

Item 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures.

Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, have evaluated the effectiveness of our disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities and Exchange Act of 1934, as amended (or Exchange Act"). As of the end of the period covered by this report based on such evaluation our Chief Executive Officer and Chief Financial Officer have concluded that, as of the end of such period, our disclosure controls and procedures are effective in recording, processing, summarizing and reporting, on a timely basis, information required to be disclosed by us in the reports that we file or submit under the Exchange Act.

There has been no change in our internal control over financial reporting during the period covered by this report that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II

OTHER INFORMATION

Item 6. Exhibits and Reports on Form 8-K

(a) Exhibits

The following exhibits are filed as exhibits to this report:

- 3.1 Amended and Restated Articles of Incorporation of LTC Properties, Inc. (incorporated by reference to Exhibit 3.1 to LTC Properties, Inc.'s Current Report on Form 8-K dated June 19, 1997)
- 3.2 Articles Supplementary Classifying 3,080,000 shares of 9.5% Series A Cumulative Preferred Stock of LTC Properties, Inc. (incorporated by reference to Exhibit 3.2 to LTC Properties, Inc.'s Current Report on Form 8-K dated June 19, 1997)
- 3.3 Articles of Amendment of LTC Properties, Inc. (incorporated by reference to Exhibit 3.3 to LTC Properties, Inc.'s Current Report on Form 8-K dated June 19, 1997)
- 3.4 Articles Supplementary Classifying 2,000,000 Shares of 9.0% Series B Cumulative Preferred Stock of LTC Properties, Inc. (incorporated by reference to Exhibit 2.5 to LTC Properties, Inc.'s Registration Statement on Form 8-A filed on December 15, 1997)
- 3.5 Articles Supplementary Classifying 2,000,000 Shares of 8.5% Series C Cumulative Convertible Preferred Stock of LTC Properties, Inc. (incorporated by reference to Exhibit 3.2 to LTC Properties, Inc.'s Quarterly Report on Form 10-Q for the quarter ended September 30, 1998)
- 3.6 Articles Supplementary Classifying 40,000 shares of Series D Junior Participating Preferred Stock of LTC Properties, Inc. (incorporated by reference to Exhibit 4.7 to LTC Properties, Inc.'s Registration Statement on Form 8-A filed on May 9, 2000)
- 3.7 Articles Supplementary, reclassifying 5,000,000 shares of common stock into preferred stock (incorporated by reference to Exhibit 3.1 to LTC Properties, Inc.'s Registration Statement on Form S-3 filed on June 27, 2003)
- 3.8 Articles Supplementary Classifying 2,200,000 shares of 8.5% Series E Cumulative Convertible Preferred Stock of LTC Properties, Inc. (incorporated by reference to Exhibit 3.2 to LTC Properties, Inc.'s Current Report on Form 8-K filed on September 17, 2003)
- 3.9 Articles Supplementary Classifying 4,000,000 shares of 8.0% Series F Cumulative Preferred Stock of LTC Properties, Inc. (incorporated by reference to Exhibit 4.1 to LTC Properties, Inc.'s Current Report on Form 8-K filed on February 19, 2004)
- 3.10 Articles Supplementary, reclassifying and designating 40,000 shares of Series D Junior Participating Preferred Stock of LTC Properties, Inc. to authorized but unissued preferred stock (incorporated by reference to Exhibit 4.2 to LTC Properties, Inc.'s Current Report on Form 8-K filed on March 19, 2004)

24

- 3.11 Articles Supplementary Reclassifying 3,080,000 Shares of 9.5% Series A Cumulative Preferred Stock and 2,000,000 Shares of 9% Series B Cumulative Preferred Stock filed April 1, 2004 (incorporated by reference to Exhibit 3.1 to LTC Properties, Inc.'s Quarterly Report on From 10-Q for the quarter ended March 31, 2004)
- 3.12 Articles of Amendment replacing Section 7.1 regarding shares of stock authorized for issue is 60,000,000; made up of 45,000,000 common and 15,000,000 preferred shares filed June 24, 2004 (incorporated by reference to Exhibit 3.12 to LTC Properties, Inc.'s Quarterly Report on Form 10-Q for the quarter ended June 30, 2004).
- 3.13 Articles Supplementary Classifying an additional 2,640,000 Shares of 8.0% Series F Cumulative Preferred Stock filed July 16, 2004 (incorporated by reference to Exhibit 3.13 to LTC Properties, Inc.'s Quarterly Report on Form 10-Q for the quarter ended June 30, 2004).
- 3.14 Certificate of Correction to Articles of Amendment filed on June 24, 2004. Changes par value of authorized shares of stock from \$650,000 to \$600,000 (incorporated by reference to Exhibit 3.14 to LTC Properties, Inc.'s Form 10-Q for the quarter ended September 30, 2004)
- 31.1 Certification by Chief Executive Officer pursuant to Section 302 of the Sarbanes-Oxley Act of 2002
- 31.2 Certification by Chief Financial Officer pursuant to Section 302 of the Sarbanes-Oxley Act of 2002
- 32 Certifications by Chief Executive Officer and Chief Financial Officer pursuant to Section 906 of the Sarbanes-Oxley Act of 2002*

In accordance with Item 601(b)(4)(iii) of Regulation S-K, certain instruments pertaining to Registrant's long-term debt have not been filed; copies thereof will be furnished to the Securities and Exchange Commission upon request.

* Certification will not be deemed "filed" for purposes of Section 18 of the Securities and Exchange Act of 1934

(b) Reports on Form 8-K

On January 31, 2005, we filed a Current Report on Form 8-K dated January 31, 2005 announcing that we had entered into a Memorandum of Understanding with Extendicare Health Services, Inc., a wholly owned subsidiary of Extendicare Inc.; Alpha Acquisition, Inc., a wholly owned subsidiary of EHSI; Assisted Living Concepts, Inc. and Carriage House Assisted Living, Inc.

On February 2, 2005, we filed a Current Report on Form 8-K dated February 1, 2005 announcing the election of Boyd Hendrickson to the Board of Directors.

On February 2, 2005, we filed a Current Report on Form 8-K dated February 2, 2005 reporting our press release announcing the operating results for the three and twelve months ended December 31, 2004.

On February 2, 2005, we filed a Current Report on Form 8-K dated February 2, 2005 clarifying the first quarter fiscal 2005 dividend previously announced.

Pursuant to the requirements of Section 13 or 15(d) of the Securities Exchange Act of 1934, Registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.

	LTC PROPER Registrant	TIES, INC.
Dated: May 6, 2005	5	/s/ WENDY L. SIMPSON Wendy L. Simpson Vice Chairman, Chief Financial Officer and Treasurer
	26	

I, Andre C. Dimitriadis, certify that:

- 1. I have reviewed this quarterly report on Form 10-Q of LTC Properties, Inc.;
- 2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
- 3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
- 4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that
 material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during
 the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
- 5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

/s/ ANDRE C. DIMITRIADIS Andre C. Dimitriadis Chairman, President and Chief Executive Officer (Principal Executive Officer) May 6, 2005 I, Wendy L. Simpson, certify that:

- 1. I have reviewed this quarterly report on Form 10-Q of LTC Properties, Inc.;
- 2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
- 3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
- 4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that
 material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during
 the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
- 5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

/s/ WENDY L. SIMPSON Wendy L. Simpson Vice Chairman, Chief Financial Officer and Treasurer (Principal Financial Officer) May 6, 2005

CERTIFICATIONS PURSUANT TO 18 U.S.C. SECTION 1350, AS ADOPTED PURSUANT TO SECTION 906 OF THE SARBANES-OXLEY ACT OF 2002

Pursuant to section 906 of the Sarbanes-Oxley Act of 2002 (subsections (a) and (b) of section 1350, chapter 63 of Title 18, United States Code), each of the undersigned officers of LTC Properties, Inc. (the "Company") hereby certifies with respect to the Quarterly Report on Form 10-Q of the Company for the quarter ended March 31, 2005 as filed with the Securities and Exchange Commission (the "Report") that to his or her knowledge:

- (1) The Report fully complies with the requirements of section 13(a) or 15(d) of the Securities and Exchange Act of 1934; and
- (2) The information contained in the Report fairly presents, in all material respects, the financial condition and result of operations of the Company.

/s/ ANDRE C. DIMITRIADIS

Andre C. Dimitriadis Chairman, President and Chief Executive Officer May 6, 2005

/s/ WENDY L. SIMPSON Wendy L. Simpson Vice Chairman and Chief Financial Officer May 6, 2005

NOTE: A signed original of this written statement required by Section 906, or other document authenticating, acknowledging, or otherwise adopting the signature that appears in typed form within the electronic version of this written statement required by Section 906, has been provided to LTC Properties, Inc. and will be retained by LTC Properties, Inc. and furnished to the Securities and Exchange Commission or its staff upon request.
