**LTC REPORTS 2022 FIRST QUARTER RESULTS  
AND DISCUSSES RECENT ACTIVITIES**

WESTLAKE VILLAGE, CALIFORNIA, April 28, 2022-- LTC Properties, Inc. (NYSE: LTC) ("LTC" or the "Company"), a real estate investment trust that primarily invests in seniors housing and health care properties, today announced operating results for the first quarter ended March 31, 2022.

	Three Months Ended March 31,	
	2022	2021
	<i>(unaudited)</i>	
Net income available to common stockholders	\$ 14,275	\$ 13,642
Diluted earnings per common share	\$ 0.36	\$ 0.35
NAREIT funds from operations ("FFO") attributable to common stockholders	\$ 23,611	\$ 24,292
NAREIT diluted FFO per common share	\$ 0.60	\$ 0.62
FFO attributable to common stockholders, excluding non-recurring items	\$ 24,034	\$ 25,342
Funds available for distribution ("FAD")	\$ 25,118	\$ 24,579
FAD, excluding non-recurring items	\$ 25,118	\$ 25,783

First quarter 2022 results were impacted by the following:

- Lower rental income due to the following:
  - o the Senior Care Centers, LLC ("Senior Care") and Senior Care's parent company, Abri Health Services, LLC portfolio transition;
  - o abated and deferred rent;
  - o the sale of a skilled nursing center in Washington; and
  - o a lease incentive balance write-off related to a terminated lease;
- The decrease in rental income was partially offset by the following:
  - o increases from properties transitioned from Senior Lifestyle Corporation ("Senior Lifestyle");
  - o increases in property tax revenue from properties formerly leased to Senior Lifestyle;
  - o rental income from completed development projects and annual rent escalations; and
  - o the following prior year non-recurring items:
    - § a straight-line rent receivable write-off; and
    - § the one-time 50% reduction of 2021 rent escalations provided to the majority of LTC's operating partners;

- Higher interest income from mortgage loans due to mortgage loan originations in 2021;
- Higher interest and other income due to a mezzanine loan origination and additional funding under working capital loans partially offset by loan payoffs;
- Higher provision for credit losses due to a mezzanine loan origination and additional funding under working capital loans; and
- Higher general and administrative expenses due to higher incentive compensation as well as higher non-cash compensation charges and increases in overall costs due to inflationary pressures.

During the first quarter of 2022, LTC completed the following:

- Originated a \$25 million mezzanine loan for the recapitalization of a five-property seniors housing portfolio. The mezzanine loan has a term of approximately five years, with two one-year extension options. It bears interest at 8%, with an IRR of 11%. The five communities are located in Oregon and Montana, have a total of 621 units, and include independent living, assisted-living and memory care. The communities are being managed by The Springs Living, LLC, an operator new to LTC;
- Transitioned two memory care communities totaling 88 units in Texas to an existing LTC operator. The new master lease has a two-year term. Cash rent will start in month five, based on mutually agreed fair market rent. LTC recognized \$282,000 of rent from these transitioned communities during the first quarter of 2022 and anticipates recognizing approximately \$370,000 of rent from these transitioned communities during the second half of 2022;
- Funded \$9.5 million under a working capital loan for HMG Healthcare, LLC (“HMG Healthcare”) and HMG Healthcare repaid \$799,000. The current outstanding balance under the working capital loan is \$18.6 million, with a remaining availability of up to \$6.4 million;
- An operator of two assisted living communities in California with a total of 232 units exercised the purchase option under their lease for \$43.7 million. The communities have a gross book value of \$31.8 million and a net book value of \$16.8 million. LTC anticipates recognizing a gain on sale of approximately \$26.0 million in the second quarter of 2022;
- Entered into an agreement with a third party to sell a 121-bed skilled nursing center in California for \$13.3 million. The property has a gross book value of \$4.6 million and a net book value of \$1.8 million. LTC anticipates recognizing a gain on sale of approximately \$10.5 million in the second quarter of 2022;
- Borrowed \$47.0 million under the Company’s revolving line of credit;
- Paid \$7.0 million in scheduled principal paydowns under LTC’s senior unsecured notes; and
- Provided \$1.3 million of deferred rent and \$720,000 of abated rent.

Subsequent to March 31, 2022, LTC completed the following:

- Acquired four newer transitional care centers for \$51.5 million, located in Texas and have a combined total of 339 beds primarily in private rooms. These centers will be operated by Ignite Medical Resorts (“Ignite”), a current LTC operating partner. The lease term is 10 years, with two 5-year renewal options, and contains a purchase option beginning in the sixth lease year through the end of the seventh lease year. The Company expects to receive rent of approximately \$1.0 million in each of the third and fourth quarters of 2022 and approximately \$4.3 million during 2023. Rent will increase annually beginning on the third anniversary of the lease by 2.0% to 4.0% based on the change in the Medicare Market Basket Rate. Additionally, LTC provided Ignite a 10-year working capital loan for up to \$2.0 million, of which \$1.9 million has been funded, at 8% for first year, increasing to 8.25% for the second year, then increasing annually with the lease rate. The Company initially funded this acquisition using its unsecured revolving line of credit and intends to use proceeds from previously announced asset sales, anticipated to close in the second quarter of 2022, to pay down its unsecured revolving line of credit;

- Sold a 74-unit assisted living community in Virginia for \$16.9 million. The community has a gross book value of \$16.9 million and a net book value of \$15.5 million. LTC anticipates recognizing a gain on sale of approximately \$1.3 million in the second quarter of 2022. In connection with the sale, the current operator paid LTC a \$1.2 million lease termination fee. The proceeds from this sale were used to paydown LTC's unsecured revolving line of credit;
- Borrowed a net of \$34.0 million under its unsecured revolving line of credit;
- Provided \$376,000 of deferred rent and \$240,000 of abated rent in April 2022. LTC has agreed to provide rent abatements up to \$240,000 for each of May and June of 2022; and
- Reduced the estimated second quarter 2022 rent of \$2.7 million from Anthem Memory Care ("Anthem") to \$2.1 million as Anthem is addressing some new challenges that may make it difficult for them to pay the full 2022 second quarter rent. However, LTC anticipates receiving total cash rent from Anthem in 2022 of approximately \$10.8 million as LTC believes occupancy at the properties under Anthem's master lease will recover and Anthem is expecting receipt of additional stimulus funds. Anthem has paid their agreed upon rent through April 2022.

### **Supplemental Reporting Measures**

FFO and FAD are supplemental measures of a real estate investment trust's ("REIT") financial performance that are not defined by U.S. generally accepted accounting principles ("GAAP"). Investors, analysts and the Company use FFO and FAD as supplemental measures of operating performance. The Company believes FFO and FAD are helpful in evaluating the operating performance of a REIT. Real estate values historically rise and fall with market conditions, but cost accounting for real estate assets in accordance with GAAP assumes that the value of real estate assets diminishes predictably over time. We believe that by excluding the effect of historical cost depreciation, which may be of limited relevance in evaluating current performance, FFO and FAD facilitate like comparisons of operating performance between periods. Occasionally, the Company may exclude non-recurring items from FFO and FAD in order to allow investors, analysts and our management to compare the Company's operating performance on a consistent basis without having to account for differences caused by unanticipated items.

FFO, as defined by the National Association of Real Estate Investment Trusts ("NAREIT"), means net income available to common stockholders (computed in accordance with GAAP) excluding gains or losses on the sale of real estate and impairment write-downs of depreciable real estate, plus real estate depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures. The Company's computation of FFO may not be comparable to FFO reported by other REITs that do not define the term in accordance with the current NAREIT definition or have a different interpretation of the current NAREIT definition from that of the Company; therefore, caution should be exercised when comparing our Company's FFO to that of other REITs.

We define FAD as FFO excluding the effects of straight-line rent, amortization of lease inducement, effective interest income, deferred income from unconsolidated joint ventures, non-cash compensation charges, capitalized interest and non-cash interest charges. GAAP requires rental revenues related to non-contingent leases that contain specified rental increases over the life of the lease to be recognized evenly over the life of the lease. This method results in rental income in the early years of a lease that is higher than actual cash received, creating a straight-line rent receivable asset included in our consolidated balance sheet. At some point during the lease, depending on its terms, cash rent payments exceed the straight-line rent which results in the straight-line rent receivable asset decreasing to zero over the remainder of the lease term. Effective interest method, as required by GAAP, is a technique for calculating the actual interest rate for the term of a mortgage loan based on the initial origination value. Similar to the accounting methodology of straight-line rent, the actual interest rate is higher than the stated interest rate in the early years of the mortgage loan thus creating an effective interest receivable asset included in the interest receivable line item in our consolidated balance sheet and reduces down to zero when, at some point during the mortgage loan, the stated interest rate is higher than the actual interest rate. FAD is useful in analyzing the portion of cash flow that is available for distribution to stockholders. Investors, analysts and the Company utilize FAD as an indicator of common dividend potential. The FAD payout ratio, which represents annual distributions to common shareholders expressed as a percentage of FAD, facilitates the comparison of dividend coverage between REITs.

While the Company uses FFO and FAD as supplemental performance measures of our cash flow generated by operations and cash available for distribution to stockholders, such measures are not representative of cash generated from operating activities in accordance with GAAP, and are not necessarily indicative of cash available to fund cash needs and should not be considered an alternative to net income available to common stockholders.

## Reconciliation of FFO and FAD

The following table reconciles GAAP net income available to common stockholders to each of NAREIT FFO attributable to common stockholders and FAD (unaudited, amounts in thousands, except per share amounts):

	Three Months Ended March 31,

(1) Represents provision for credit losses related to the origination of a \$25,000 mezzanine loan during 2022 first quarter and (2) below.

(2) Includes a lease incentive balance write-off of \$173 related to a closed property and subsequent lease termination.

(3) Includes the impact of the 50% reduction of 2021 rent and interest escalation on straight-line rent and effective interest.

(4) Represents a straight-line rent receivable write-off due to transitioning rental revenue recognition to cash basis.

(5) Includes the cash impact of the 50% reduction of 2021 rent and interest escalation.

(6) Includes the GAAP impact of the 50% reduction of 2021 rent and interest escalation (\$292) and (4) from above.

### FORWARD-LOOKING STATEMENTS

This supplemental information contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, adopted pursuant to the Private Securities Litigation Reform Act of 1995. Statements that are not purely historical may be forward-looking. You can identify some of the forward-looking statements by their use of forward-looking words, such as “believes,” “expects,” “may,” “will,” “should,” “seeks,” “approximately,” “intends,” “plans,” “estimates” or “anticipates,” or the negative of those words or similar words. Forward-looking statements involve inherent risks and uncertainties regarding events, conditions and financial trends that may affect our future plans of operation, business strategy, results of operations and financial position. A number of important factors could cause actual results to differ materially from those included within or contemplated by such forward-looking statements, including, but not limited to, the status of the economy, the status of capital markets (including prevailing interest rates), and our access to capital; the income and returns available from investments in health care related real estate, the ability of our borrowers and lessees to meet their obligations to us, our reliance on a few major operators; competition faced by our borrowers and lessees within the health care industry, regulation of the health care industry by federal, state and local governments, changes in Medicare and Medicaid reimbursement amounts (including due to federal and state budget constraints), compliance with and changes to regulations and payment policies within the health care industry, debt that we may incur and changes in financing terms, our ability to continue to qualify as a real estate investment trust, the relative illiquidity of our real estate investments, potential limitations on our remedies when mortgage loans default, and risks and liabilities in connection with properties owned through limited liability companies and partnerships. For a discussion of these and other factors that could cause actual results to differ from those contemplated in the forward-looking statements, please see the discussion under “Risk Factors” and other information contained in our Annual Report on Form 10-K for the fiscal year ended December 31, 2021 and in our publicly available filings with the Securities and Exchange Commission. ### NON-GAAP INFORMATION

This supplemental information contains certain non-GAAP information including EBITDAre, adjusted EBITDAre, FFO, FFO excluding non-recurring items, FAD, FAD excluding non-recurring items, adjusted interest coverage ratio, and adjusted fixed charges coverage ratio. A reconciliation of this non-GAAP information is provided on pages 22, 25 and 26 of this supplemental information, and additional information is available under the “Non-GAAP Financial Measures” subsection under the “Selected Financial Data” section of our website at [www.LTCreit.com](http://www.LTCreit.com).

Founded in 1992, LTC Properties, Inc. (NYSE: LTC) is a self-administered real estate investment trust (REIT) investing in seniors housing and health care properties primarily through sale-leaseback transactions, mortgage financing and structured finance solutions including preferred equity and mezzanine lending. LTC's portfolio encompasses Skilled Nursing Facilities (SNF), Assisted Living Communities (ALF), Independent Living Communities (ILF), Memory Care Communities (MC) and combinations thereof. Our main objective is to build and grow a diversified portfolio that creates and sustains shareholder value while providing our stockholders current distribution income. To meet this objective, we seek properties operated by regional operators, ideally offering upside and portfolio diversification (geographic, operator, property type and investment vehicle). For more information, visit [www.LTCreit.com](http://www.LTCreit.com).

2022 4/1	4	SNF	339 beds	Various cities in TX	Ignite Medical Resorts	2017-2018	8.00%	\$ 51,534

- (1) The lease term is 10 years, with two 5-year renewal options, and contains a purchase option beginning at the end of the fifth lease year through the end of the seventh lease year. We expect to receive rent of approximately \$1,000 in each of 3Q22 and 4Q22 and approximately \$4,300 during 2023. Rent will increase annually beginning on the third anniversary of the lease by 2.0% to 4.0% based on the change in the Medicare Market Basket Rate. Additionally, we provided a 10-year working capital loan for up to \$2,000, of which \$1,867 has been funded, at 8.00% for first year increasing to 8.25% for the second year then increasing annually with the lease rate.

# PORTFOLIO DIVERSIFICATION – OPERATOR UPDATE

(DOLLAR AMOUNTS IN THOUSANDS)

During 1Q21, we amended Brookdale's master lease to extend their maturity for one year through December 31, 2022. The renewal options under the amended master lease remained the same during 1Q22, and provided three renewal options consisting of a three-year renewal option, a five-year renewal option and a 10-year renewal option. The notice period for the first renewal option was January 1, 2022 to April 30, 2022. Subsequent to March 31, 2022, Brookdale's master lease was again amended to extend the maturity to December 31, 2023. The renewal options under the new amended master lease remained unchanged except the term of the first renewal option was reduced from three years to two. Also, the notice period for the first renewal option was changed to November 1, 2022 through February 28, 2023. During 2020, we extended to Brookdale a \$4,000 capital commitment which was fully funded during 2021, and a \$2,000 capital commitment which was available between January 1, 2022 through December 31, 2022. Under the new amendment, the \$2,000 capital commitment was increased to \$4,000 and its maturity was extended to February 28, 2023. The yield on these capital commitments is 7% with a reduced rate for qualified ESG projects. During 1Q22, we funded \$215 under the new \$4,000 capital commitment. Accordingly, we have a remaining commitment of \$3,785 under this commitment. Brookdale is current on its payments through April 2022.

Anthem paid us annual cash rent of \$10,800 in 2021 and \$9,900 in 2020. Recently, Anthem notified us that they are addressing some new challenges that may make it difficult for them to pay full agreed upon 2022 second quarter rent of \$2,700. We agreed to reduce expected rent from Anthem by \$300 for each of May and June 2022. However, we anticipate receiving total cash rent from Anthem in 2022 of approximately \$10,800 as we believe occupancy at the properties under Anthem's master lease will recover and Anthem is expecting receipt of additional stimulus funds. Anthem is current on agreed upon rent payments through April 2022.

During 2020, an affiliate of Senior Lifestyle ("Senior Lifestyle") failed to pay its contractual obligations under its master lease. As a result, we applied their letter of credit and deposits to past due rent and to their outstanding notes receivable during 2020. Senior Lifestyle has not paid rent or its other obligations under the master lease since 2020. During 2021, we transitioned 18 assisted living communities previously leased to Senior Lifestyle to six operators. These assisted living communities are located in Illinois, Ohio, Wisconsin, Colorado, Pennsylvania and Nebraska. Also, during 2021, we sold three Wisconsin assisted living communities and a closed assisted living community in Nebraska previously leased to Senior Lifestyle for a combined total of \$35,900. We received total proceeds of \$34,700 and recorded a net gain on sale of \$5,390. We expect to transition the remaining New Jersey assisted living community to an existing operator during either 2Q22 or 3Q22. During 1Q22, the assisted living community located in Colorado, which was transitioned from Senior Lifestyle to a new operator in 1Q21, was closed and its lease was terminated. We have engaged a broker and intend to sell this assisted living community.

## Other Operators

During 2020, we consolidated our two master leases with an operator into one combined master lease and agreed to abate \$650 of rent and allow the operator to defer rent as needed through March 31, 2021. The combined master lease was amended during 2021 and 2022 to extend the rent deferral period through April 30, 2022. The operator deferred rent of \$1,295 for 1Q22 and \$376 in April 2022. The deferred balance due from this operator is \$6,627 as of April 2022. We have not recorded this as revenue, nor have we abated the rent. We expect to address this deferred rent as we work with the operator toward a resolution for the portfolio.

During 1Q22, an operator of two assisted living communities in California with a total of 232 units exercised the purchase option under their lease for approximately \$43,700. The communities have a gross book value of \$31,814 and a net book value of \$16,765 at March 31, 2022. These properties were built in 1998. We anticipate recognizing a gain on sale of approximately \$26,000 in 2Q22.

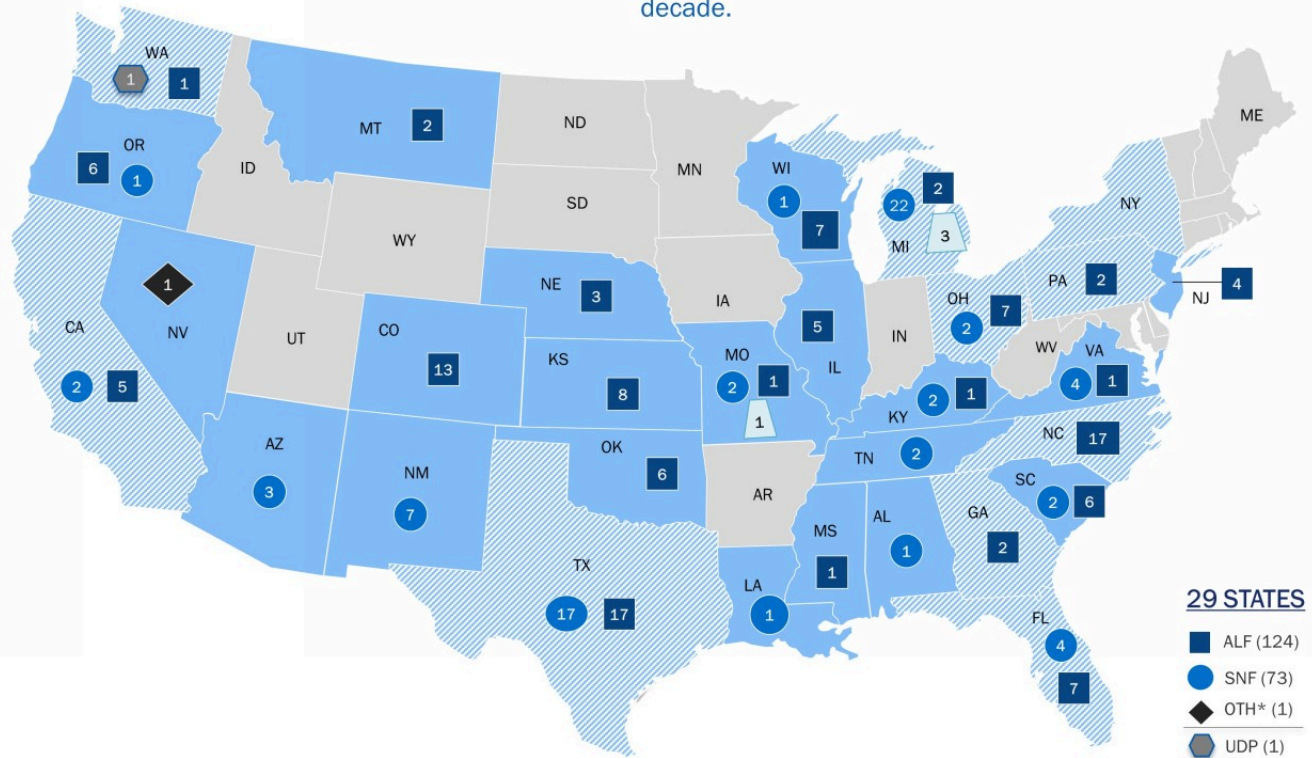

Also, during 1Q22, we entered into an agreement with a third party to sell a 121-bed skilled nursing center in California for \$13,250. The property is under a lease which matures in 2022. The property has a gross book value of \$4,630 and a net book value of \$1,834 at March 31, 2022. This property was built in 1968. We anticipate recognizing a gain on sale of approximately \$10,500 in 2Q22.

Subsequent to March 31, 2022, we sold a 74-unit assisted living community in Virginia for \$16,895. The community has a gross book value of \$16,895 and a net book value of \$15,549 at March 31, 2022. We anticipate recognizing a gain on sale of approximately \$1,300 in 2Q22. In connection with the sale, the current operator paid us a lease termination fee of approximately \$1,200.

## SAME PROPERTY PORTFOLIO ("SPP") COVERAGE STATISTICS <sup>(1)(2)</sup>

### ASSISTED LIVING

ALF metrics include Coronavirus Stimulus Funds ("CSF") as allocated/reported by operators. Excluding CSF, the 4Q21 normalized EBITDAR and EBITDARM coverages were 0.67x and 0.88x, respectively, and 0.64x and 0.85x, respectively, for 3Q21. See definition of Coronavirus Stimulus Funds on Page 28. Occupancy represents the average TTM occupancy. For the 63% of the reported SPP ALF, spot occupancy was 78% at March 31, 2022, 79% at December 31, 2021 and 76% at September 30, 2021.

### SKILLED NURSING

SNF metrics include CSF, as allocated/reported by operators. Excluding CSF, the 4Q21 normalized EBITDAR and EBITDARM coverages were 1.12x and 1.57x, respectively, and 0.99x and 1.45x, respectively, for 3Q21. Occupancy represents the average TTM occupancy. For the 89% of the reported SPP SNF, average monthly occupancy was 73% in March 2022, 72% in December 2021 and 70% in September 2021.

## SENIOR LIFESTYLE <sup>(3)</sup>

(dollar amounts in thousands)

The spot occupancy for the six properties previously leased to Senior Lifestyle currently covered by leases with quarterly fair market rent resets in March 31, 2022 and December 31, 2020 was 76% and 60%, respectively.

## SENIOR CARE/ABRI HEALTH

(dollar amounts in thousands)

The average monthly occupancy in March 2022 and December 2020 was 56% and 57%, respectively.

- (1) Information is from property level operator financial statements which are unaudited and have not been independently verified by LTC. The same store portfolio excludes each property currently, or formerly, operated by Senior Lifestyle and Senior Care and will be added back to SPP 15 months after the date of the transition to the new operator.
- (2) The coverage and occupancy levels at our properties may be adversely affected if COVID-19 or another pandemic results in infections on a large scale at our properties, early resident move-outs, our operators delay accepting new residents due to quarantines, and/or potential occupants postpone moving to a senior housing facility, and/or residents delay or postpone elective surgeries at hospitals.
- (3) The spot occupancy for the 18 properties previously leased to Senior Lifestyle in March 31, 2022 and December 31, 2020 was 83% and 72%, respectively.

# PORTFOLIO UPDATE

(AMOUNTS IN THOUSANDS)

## ➤ ABATED RENT

- \$720 abated rent during 1Q22

## ➤ DEFERRED RENT

- Deferred rent of \$1,285, net of repayments, during 1Q22.
- As of March 31, 2022, outstanding deferred rent of \$6,967 related to assisted living communities. \$6,251 of the outstanding balance relates to an operator of 12 assisted living communities. We have not recorded this as revenue, nor have we abated the rent. We expect to address this deferred rent as we work with the operator toward a resolution for the portfolio. See page 13 for further discussion.
- Our rent deferral agreements generally require the deferred rent to be paid within 12 to 36 months.
- LTC evaluated deferral requests with close attention to ongoing operations, rent coverage, corporate financial health and liquidity of the operator.

## CONTRACTUAL 1Q22 RENT AND MORTGAGE INTEREST

## ➤ SUBSEQUENT TO MARCH 31, 2022

- Provided a total of \$376 of deferred rent and \$240 of rent abatement in April 2022.
- Agreed to provide rent abatements of up to \$240 for each of May and June 2022.
- Agreed to reduce expected rent from Anthem by \$300 for each May and June 2022. See page 13 for further discussion.

(2) Increase primarily due to properties transitioned from Senior Lifestyle.  
(3) Decrease primarily due to the impact of prior year's 50% reduction of 2021 rent escalations for those leases accounted for on a straight-line basis.  
(4) Represents the write-off of an operator's straight-line rent receivable during 1Q21.  
(5) Increase primarily due to the lease incentive write-off related to a property closure and subsequent lease termination.

- Working toward aligning with the Sustainability Accounting Standards Board (SASB) reporting framework and adopting select United Nations Sustainability Development Goals (SDGs) in guiding us to provide shareholders with relevant information on our environmental impact

## GLOSSARY

**Assisted Living Communities ("ALF"):** The ALF portfolio consists of assisted living, independent living, and/or memory care properties. (See Independent Living and Memory Care) Assisted living properties are seniors housing properties serving elderly persons who require assistance with activities of daily living, but do not require the constant supervision skilled nursing properties provide. Services are usually available 24 hours a day and include personal supervision and assistance with eating, bathing, grooming and administering medication. The facilities provide a combination of housing, supportive services, personalized assistance and health care designed to respond to individual needs.

**Contractual Lease Rent:** Rental revenue as defined by the lease agreement between us and the operator for the lease year.

**Coronavirus Stimulus Funds ("CSF"):** CSF includes funding from various state and federal programs to support healthcare providers in dealing with the challenges of the coronavirus pandemic. Included in CSF are state-specific payments identified by operators as well as federal payments connected to the Paycheck Protection Program and the Provider Relief Fund. CSF is self-reported by operators in unaudited financial statements provided to LTC. Specifically excluded from CSF are the suspension of the Medicare sequestration cut, and increases to the Federal Medical Assistance Percentages (FMAP), both of which are reflected in reported coverage both including and excluding CSF.

**Earnings Before Interest, Tax, Depreciation and Amortization for Real Estate ("EBITDAre"):** As defined by the National Association of Real Estate Investment Trusts ("NAREIT"), EBITDAre is calculated as net income (computed in accordance with GAAP) excluding (i) interest expense, (ii) income tax expense, (iii) real estate depreciation and amortization, (iv) impairment write-downs of depreciable real estate, (v) gains or losses on the sale of depreciable real estate, and (vi) adjustments for unconsolidated partnerships and joint ventures.

**Funds Available for Distribution ("FAD"):** FFO excluding the effects of straight-line rent, amortization of lease costs, effective interest income, deferred income from unconsolidated joint ventures, non-cash compensation charges, capitalized interest and non-cash interest charges.

**Funds From Operations ("FFO"):** As defined by NAREIT, net income available to common stockholders (computed in accordance with U.S. GAAP) excluding gains or losses on the sale of real estate and impairment write-downs of depreciable real estate plus real estate depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures.

**GAAP Lease Yield:** GAAP rent divided by the sum of the purchase price and transaction costs.

**GAAP Rent:** Total rent we will receive as a fixed amount over the initial term of the lease and recognized evenly over that term. GAAP rent recorded in the early years of a lease is higher than the cash rent received and during the later years of the lease, the cash rent received is higher than GAAP rent recognized. GAAP rent is commonly referred to as straight-line rental income.

**Gross Asset Value:** The carrying amount of total assets after adding back accumulated depreciated loan loss reserves, as reported in the company's consolidated financial statements.

**Gross Investment:** Original price paid for an asset plus capital improvements funded by LTC, with depreciation deductions. Gross Investment is commonly referred to as undepreciated book value.

**Independent Living Communities ("ILF"):** Seniors housing properties offering a sense of community numerous levels of service, such as laundry, housekeeping, dining options/meal plans, exercise wellness programs, transportation, social, cultural and recreational activities, on-site security and emergency response programs. Many offer on-site conveniences like beauty/barber shops, fitness facilities, rooms, libraries and activity centers. ILFs are also known as retirement communities or seniors apart

**Interest Income:** Represents interest income from mortgage loans and other notes.

**Licensed Beds/Units:** The number of beds and/or units that an operator is authorized to operate at housing and long-term care properties. Licensed beds and/or units may differ from the number and/or units in service at any given time.

**Memory Care Communities ("MC"):** Seniors housing properties offering specialized options for senior Alzheimer's disease and other forms of dementia. These facilities offer dedicated care and specialized programming for various conditions relating to memory loss in a secured environment that is typically smaller in scale and more residential in nature than traditional assisted living facilities. These facilities have staff available 24 hours a day to respond to the unique needs of their residents.

**Metropolitan Statistical Areas ("MSA"):** Based on the U.S. Census Bureau, MSA is a geographic area defined by the Office of Management and Budget (OMB) for use by Federal statistical agencies in collecting, tabulating, and publishing Federal statistics. A metro area contains a core urban area of 50,000 or more population. MSAs 1 to 31 have a population of 19.8M – 2.2M. MSAs 32 to 100 have a population of 2.2M – 0.6M. MSAs greater than 100 have a population of 0.6M – 59K. Cities in a Micro-MSA have a population of 223K – 12K. Cities not in a MSA have a population of less than 100K.

**Mezzanine:** In certain circumstances, the Company strategically allocates a portion of its deployment toward mezzanine loans to grow relationships with operating companies that have not utilized sale leaseback financing as a component of their capital structure. Mezzanine financing is a hybrid between senior debt and common equity in the capital structure, and typically is used to fund development projects, value-add opportunities on existing operational properties, partnership buy-outs, recapitalization of equity. We seek market-based, risk-adjusted rates of return typically between 9% with the loan term typically between three to 10 years. Security for mezzanine loans can include a portion of the following credit enhancements; secured second mortgage, pledge of equity interest, personal/corporate guarantees. Mezzanine loans can be recorded for GAAP purposes as either a joint venture depending upon specifics of the loan terms and related credit enhancements.

# GLOSSARY

**Metropolitan Statistical Areas ("Micro-SA"):** Based on the U.S. Census Bureau, Micro-SA is a geographic entity defined by the Office of Management and Budget (OMB) for use by Federal statistical agencies in collecting, tabulating, and publishing Federal statistics. A micro area contains an urban core of at least 10,000 population.

**Mortgage Loan:** Mortgage financing is provided on properties based on our established investment underwriting criteria and secured by a first mortgage. Subject to underwriting, additional credit enhancements may be required including, but not limited to, personal/corporate guarantees and debt service reserves. When possible, LTC attempts to negotiate a purchase option to acquire the property at a future time and lease the property back to the borrower.

**Net Real Estate Assets:** Gross real estate investment less accumulated depreciation. Net Real Estate Asset is commonly referred to as Net Book Value ("NBV").

**Non-cash Rental Income:** Straight-line rental income and amortization of lease inducement.

**Non-cash Compensation Charges:** Vesting expense relating to stock options and restricted stock.

**Normalized EBITDAR Coverage:** The trailing twelve month's earnings from the operator financial statements adjusted for non-recurring, infrequent, or unusual items and before interest, taxes, depreciation, amortization, and rent divided by the operator's contractual lease rent. Management fees are imputed at 5% of revenues.

**Normalized EBITDARM Coverage:** The trailing twelve month's earnings from the operator financial statements adjusted for non-recurring, infrequent, or unusual items and before interest, taxes, depreciation, amortization, rent, and management fees divided by the operator's contractual lease rent.

**Occupancy:** The weighted average percentage of all beds and/or units that are occupied at a given time. The calculation uses the trailing twelve months and is based on licensed beds and/or units which may differ from the number of beds and/or units in service at any given time.

**Operator Financial Statements:** Property level operator financial statements which are unaudited and have not been independently verified by us.

**Payor Source:** LTC revenue by operator underlying payor source for the period presented. LTC is not a Medicaid or a Medicare recipient. Statistics represent LTC's rental revenues times operators' underlying payor source revenue percentage. Underlying payor source revenue percentage is calculated from property level operator financial statements which are unaudited and have not been independently verified by us.

**Private Pay:** Private pay includes private insurance, HMO, VA, and other payors.

**Purchase Price:** Represents the fair value price of an asset that is exchanged in an orderly transaction between market participants at the measurement date. An orderly transaction is a transaction that allows exposure to the market for a period prior to the measurement date to allow for marketing activities that are usual and customary for transactions involving such assets; it is not a forced transaction (for example, forced liquidation or distress sale).

**Real Estate Investments:** Represents our investments in real property and mortgage loan receivables.

**Rental Income:** Represents GAAP rent net of amortized lease inducement cost.

**Same Property Portfolio ("SPP"):** Same property statistics allow for the comparative evaluation of performance across a consistent population of LTC's leased property portfolio and the Prestige HealthCare mortgage loan portfolio. Our SPP is comprised of stabilized properties occupied and operated throughout the duration of the quarter-over-quarter comparison periods presented (excluding assets sold and held-for-sale). Accordingly, a property must be occupied and stabilized for a minimum of 15 months included in our SPP. Each property currently, or formerly, operated by Senior Lifestyle and Senior Care has been excluded from SPP and will be added back to SPP 15 months after the date of the transition to the operator.

**Skilled Nursing Properties ("SNF"):** Seniors housing properties providing restorative, rehabilitative nursing care for people not requiring the more extensive and sophisticated treatment available at acute care hospitals. Many SNFs provide ancillary services that include occupational, speech, physical, respiratory, and IV therapies, as well as sub-acute care services which are paid either by the patient, the patient's private health insurance, or through the federal Medicare or state Medicaid programs.

**Stabilized:** Properties are generally considered stabilized upon the earlier of achieving certain occupancy thresholds (e.g. 80% for SNFs and 90% for ALFs) and, as applicable, 12 months from the acquisition/lease transition or, in the event of a de novo development, redevelopment, major renovation, or addition, 24 months from the date the property is first placed in or returned to service, or properties are in lease-up.

**Under Development Properties ("UDP"):** Development projects to construct seniors housing properties
